

Claims Administration Procedure No. 1

With the consent of Howmedica Osteonics Corp (HOC) and the Settlement Oversight Committee (SOC), in order to ensure a proper, consistent, and efficient administration of the Settlement Program, I hereby establish a procedure for the review of appeals of Enhancement claims that allows the Special Masters to consult with the Claims Administrator and/or leadership from both HOC and the SOC regarding any appeal of any enhancement.

Additionally, wherever appropriate, the Claims Administrator shall promulgate Claims Administration Procedures ("CAP"). Such CAPs will assist the Special Masters in the interpretation of the Master Settlement Agreement and will be distributed to Plaintiffs' counsel, HOC, the SOC, and the Special Masters. All CAPs will also be made available on the Settlement Program website (www.StrykerModularHipSettlement.com).
