This properly completed Enrollment Claim Form.

The signed and notarized Covered Unrevised, Infirm Patient Release available on the Claims Processor's website.

The signed Dismissal with Prejudice Stipulation available on the Claims Processor's website (if applicable). If you indicate on your Stipulation of Dismissal that you are only partially dismissing your lawsuit, you must include a copy of the most recent Complaint **filed and served** in your lawsuit.

Legal Representative Documentation (if applicable).

Manufacturer/product stickers for the Affected Product(s), identifying Product and Lot Codes for the device implanted into the Patient. Only in the event product stickers are not available, please submit the electronic implant log from your Index Surgery. **If the manufacturer/product stickers for the Index Surgery were submitted during the Supplemental Registration Process, you do not need to resubmit.**

A true and correct copy of the operative report and discharge summary for the Index Surgery relating to the hip(s) at issue.

True and correct copies of **specific** contemporaneous medical records **created prior to December 19, 2016** that support the Patient's claim that a Qualified Revision Surgery is indicated by his/her treating orthopaedic surgeon due to an elevated cobalt level or an abnormal diagnostic scan of surrounding tissue related to the reasons underlying the Voluntary Recall. Such specific medical records must be annotated in a manner that will aid the Claims Processor in reviewing your claim (e.g. highlighting, flagging, bookmarking, etc.)

True and correct copies of **specific** contemporaneous medical records **created prior to December 19, 2016** by the treating physician or consulting medical specialist that support the Patient's claim that s/he is too infirm to undergo a Revision Surgery. Such specific medical records must be annotated in a manner that will aid the Claims Processor in reviewing your claim (e.g. highlighting, flagging, bookmarking, etc.)

Counsel or Patients (if unrepresented by an attorney) must **only** provide those documents requested in Section K and shall not submit all medical records in Counsel's and/or Patient's possession. Submitting all records in your possession will result in the Claims Processor returning your Enrollment Claim Form thereby delaying the review of your claim. All documentation, whether submitted electronically or by mail, must be annotated in a manner that will aid the Claims Processor in reviewing your claim (e.g. highlighting, flagging, bookmarking, etc.).

Pursuant to Section 4.4 of the Master Settlement Agreement, the Claims Processor has the ability to request additional information and/or documents as needed, including but not limited to medical authorizations. Pursuant to Section 4.3.1 of the Master Settlement Agreement, no affidavits, expert reports, depositions, transcripts or medical articles may be submitted in connection with a Claim.
